Dear Mr. Rortvedt,

Re: Application for Municipal Storm Water Permit Reissuance
WPDES Permit No. WI-S058416-4

This letter serves as the Town of Windsor's application to request coverage under a reissued municipal separate storm sewer system (MS4) permit pursuant to s. NR 216.09, Wis. Adm. Code. The Windsor is a co-permittee with 18 other municipalities in Dane County, which are authorized to discharge under WPDES Municipal Storm Water Discharge Permit No. WI-S058416-3. The Windsor hereby requests that its MS4 discharge continue to be authorized under the reissued version of this permit. We understand that until the permit is reissued or revoked by the Department that the Windsor must continue to abide by the requirements of Permit No. WI-S058416-3

As part of this application request, s. NR 216.09, Wis. Adm. Code, requests that the Windsor notify the Department of proposed changes to its MS4 map, storm water management program and any other relevant changes. Such changes are those that have not already been reported to the Department such as within an annual report. The Windsor has not made any changes to its MS4 map or storm water management program or any other relevant change which would affect the discharge from its MS4.

Thank you for accepting this application. If you have any questions, please feel free to contact Kevin Richardson at 608-846-3854 with any questions.

Sincerely,
Town of Windsor

Kevin W. Richardson, PE, BCEE
Town Engineer
