

**VILLAGE OF WINDSOR  
BOARD RESOLUTION 2016-105**

**#JustFixItWI Transportation Funding**

WHEREAS, local government in Wisconsin is responsible for about 90% of the road miles in the state; and

WHEREAS, Wisconsin's diverse economy is dependent upon county and town roads as well as city and village streets and transit systems across the state; and

WHEREAS, according to "Filling Potholes: A New Look at Funding Local Transportation in Wisconsin," commissioned by the Local Government Institute of Wisconsin (LGI) the condition of Wisconsin's highways is now in the bottom third of the country; and

WHEREAS, state funding for local roads in Wisconsin has failed to keep up with costs over the past several decades which has adversely affected local transportation finances. According to "Filling Potholes," municipal transportation spending has declined from \$275 per capita in 2000 to \$227 in 2012; and

WHEREAS, high quality and fast transit systems are critical to attracting businesses and people to urban areas, yet state funding for transit is less today than it was five years ago; and

WHEREAS, levy limits do not allow local government to make up for the deterioration of state funding; and

WHEREAS, Wisconsin's over-reliance on borrowing eats away at the state's segregated funding sources – the state gas tax and vehicle registration fees – which increasingly pay debt service rather than fund transportation needs; and

WHEREAS, safety is a primary concern and responsibility of local governments across Wisconsin. Unfortunately, according to TRIP, a national non-profit transportation research group, Wisconsin had 347 non-interstate, rural road fatalities in 2013; and

WHEREAS, the Village of Windsor Board recognizes that our state highway and interstate system is the backbone of our surface transportation system and plays a vital role in the economy of Wisconsin. Both local *and* state roads need to be properly maintained in order for our economy to grow; and

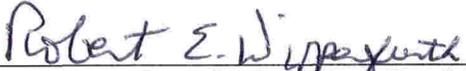

WHEREAS, from a competitive standpoint Wisconsin motorists pay significantly less than any of our neighbors when you combine the annual cost of the state gas tax and vehicle registration fees; and

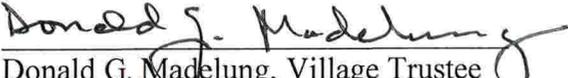

WHEREAS, the Transportation Finance and Policy Commission, appointed by the Governor and Legislature clearly found that if Wisconsin does not adjust its user fees, the condition of our state and local roads as well as local transit systems will deteriorate significantly over the next decade.

NOW, THEREFORE, BE IT RESOLVED by the Village Board of the Village of Windsor urges the Governor and Legislature to #JustFixItWI and agree upon a sustainable solution: one that includes a responsible level of bonding and adjusts our user fees to adequately and sustainably fund Wisconsin's multi-modal transportation system. Furthermore, the Village Board directs the Clerk to send a copy of this resolution to our State Legislators, Governor Scott Walker and the League of Wisconsin Municipalities.

The above and foregoing Resolution was duly adopted by the Village Board of the Village of Windsor, Dane County, Wisconsin at a meeting held on the 4<sup>th</sup> day of August 2016 by a vote of 5 in favor and 0 opposed.
