**TO: Dane County Municipalities**

**FROM: Greggar A. Petersen, Highway Engineer**

**DATE: February 12, 2018**

**SUBJECT: 2018/2019 Bridge Inspection Requirements**

In accordance with State Statute 84.17, all municipal bridges will need to be inspected in 2018, and those bridges that are deficient will require a re-inspection in 2019.

As in the past, our department will arrange a cooperative contract with a consultant to inspect these bridges as per WisDOT and Federal requirements. Enclosed is the bridge list for your municipality as well as an agreement for inspection services. Please review the bridge list for accuracy and note any bridges scheduled to be replaced in either 2018 or 2019. Bridges that are replaced in either of these years will require an initial inspection within 180 days of the completed construction.

Pedestrian bridges, if any, are included on the attached list. These bridges are not required to be inspected under the statute but they are the local municipality's responsibility to maintain. If you do not wish to have them inspected please indicate this and change the agreement amount.

The estimated cost of the inspections is \$300 per bridge for routine inspections and \$1,500 per bridge for fracture critical inspections. The actual amount invoiced will be determined from prices submitted with the bridge RFP and will be billed after the work is completed.

During inspection the engineer will note deficiencies. If the deficiencies require further engineering analysis additional charges may be incurred. Any additional charges will be discussed with the municipality prior to the work being performed.

Please execute the enclosed agreement, note any changes or bridges to be replaced, and return it to us no later than March 12, 2018. It can be mailed to the above address, faxed to 608.266.4269, or scanned and e-mailed to [prine@countyofdane.com](mailto:prine@countyofdane.com).

Municipalities that have made or will be making other arrangements for these inspections need to inform the County, in writing, as to who will be performing the service and may disregard the enclosed agreement.

If you have any questions regarding the bridge inspection program, please contact Greggar Petersen at 608.266.9081.
