Re: Creating 4-Way Stop intersections

In an effort to increase safety at the intersection of Depot St and Second St we are requesting that we make the intersection of Depot St and Second St into a 4-Way Stop intersection.

Sight line issues as you approach the existing stop signs on Depot St are the main reason for the request. By having this a 4-Way Stop will also give better visibility to the new Police Department. Flags would be added to the posts to alert drivers to the new signage.

Also in an effort to increase safety at the intersection of Portage Rd and Vinburn Rd we are requesting that we make the intersection of Portage Rd and Vinburn Rd into a 4-Way Stop intersection.

We are asking the Village Board approve creating 4-Way Stop intersections at Depot St/Second St and Portage Rd/Vinburn Rd and that the appropriate signage be added.
