Re: Traffic Safety Measures for North Towne Rd

---

In an effort to increase safety at the "S" curve on North Towne Rd south of Gray Rd, the Department of Public Works and the Windsor Deputies have recommended to the Public Works Committee that Chevron signs be installed on the east side of the "S" curve of North Towne Rd south of Gray Rd. In addition to the Chevron signs it was also recommended that a Radar type Speed Limit sign be install before the "S" curve for south bound traffic.

The Public Works Committee agreed with the recommendations for additional safety measures and is asking the Village Board to also approve the installation of these traffic safety measures.
