

**VILLAGE OF WINDSOR  
VILLAGE BOARD RESOLUTION 2020-68**

**AWARDING A CONTRACT FOR WELL NO. 3 FINAL PRODUCTION WELL DRILLING**

**WHEREAS**, the Village of Windsor has need to undertake drilling of a final production well for Well No. 3 (the "Project"); and

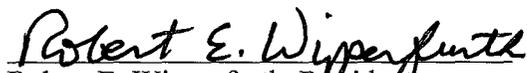

**WHEREAS**, the Village requested bids for the Project in accordance with the terms and specifications set forth in the Project's project manual, which is incorporated herein by reference; and received bids as set forth below; and

**WHEREAS**, the Village Engineer has reviewed the bids, tabulated them, and recommends the Village award the contract to Midwest Well Services (a/k/a Municipal Well and Pump), as the lowest responsible bidder, as set forth in the report attached hereto as Exhibit A.

**NOW THEREFORE, BE IT RESOLVED**, by the Village Board of the Village of Windsor that it hereby awards the contract for the Project to Midwest Well Services (a/k/a Municipal Well and Pump) for the base bid in the amount of \$255,690.00 in accordance with its bid attached hereto as Exhibit B. The Director of Public Works is authorized and directed to issue a notice of award accordingly. The Village President, Village Attorney and Staff are authorized to execute a contract in conformity therewith on behalf of the Village, in a form approved by the Village Attorney.

The above and foregoing Resolution was duly adopted at a meeting of the Village Board of the Village of Windsor on August 20, 2020, by a vote of 5 in favor and 0 opposed.

***Subject: Village of Windsor – Well No. 3, Final Production Well Drilling  
Bid Summary and Recommendation of Award***

Dear Mr. Clark:

Two bids for the Well No. 3, Final Production Well Drilling project were opened on August 6, 2020. Results from the bid opening are provided below along with a recommendation of award of the project. As required by State Statute, the well drilling project was advertised in the DeForest Times. We also informally advertised the project prior to bidding, through phone and e-mail correspondence with three potential well drillers prior to the bid opening, but only two expressed interest in bidding the final production well. These two well contractors included, CTW Corporation and Midwest Well Service (also known as Municipal Well and Pump).

The final production well will be drilled north of the splash pad in Cradle Hill Park near the location of the previously drilled test well. Construction of the test well will precede final design, bidding and construction of the well house.

The Final Production Well project was bid on a unit price lump sum basis for sixteen specified items with estimated quantities of work for a Base Bid well along with an Alternative Bid, which was slightly smaller than the Base Bid well. A slightly smaller well size was requested by CTW Corporation as they indicated that they could not economically bid a well with a casing larger than 24-inches in diameter. A schematic of the proposed Base Bid well diagram is attached to this letter for reference. The Alternative Bid well is one size smaller or 2-inches less for all Base Bid well hole and casing diameters. Bidders were required to acknowledge the addendum and submit a 5% bid security along with their bid. Both bidders submitted appropriate bid documents.

A summary of the bid results is attached. Municipal Well and Pump submitted low bid amount for both the Base Bid and Alternative Bid well options at a total unit price bid of \$255,690 and \$241,195 respectively. As expected CTW Corporation only submitted a bid for the Alternative Bid well option at a total unit price bid of \$385,547.50. Per our bid documents, the Village has the right to award the Contract to the lowest responsible and responsive bidder based on either the lowest cost Base Bid or the lowest cost Alternative Bid, as determined by the Village to be within the Village's best interest.

Municipal Well and Pump successfully drilled the Well No. 3 Test Well and has significant well project experience throughout Wisconsin and Illinois over the past 35 years. Based on bid results, Municipal Well and Pump is the lowest responsible and responsive bidder based on both the Base Bid and the Alternative Bid.

Both well options will provide for the ability to function for the desired 750 gpm well capacity for Well No. 3. Larger borehole and casing diameters allow for increased borehole efficiencies and the ability to provide for a straight hole, which results in longer lasting and more efficient operations. Based on the relatively small difference in cost (\$14,495 or 5.6% of total bid) we recommend construction based on the Base Bid amount of \$255,690.

Based on the above, our recommendation is for the Village of Windsor to proceed with an award of contract to Midwest Well Services (aka Municipal Well and Pump) for their total unit price Base Bid amount of \$255,690.00.

If you have any questions regarding this letter or the bids received, please feel free to contact me.

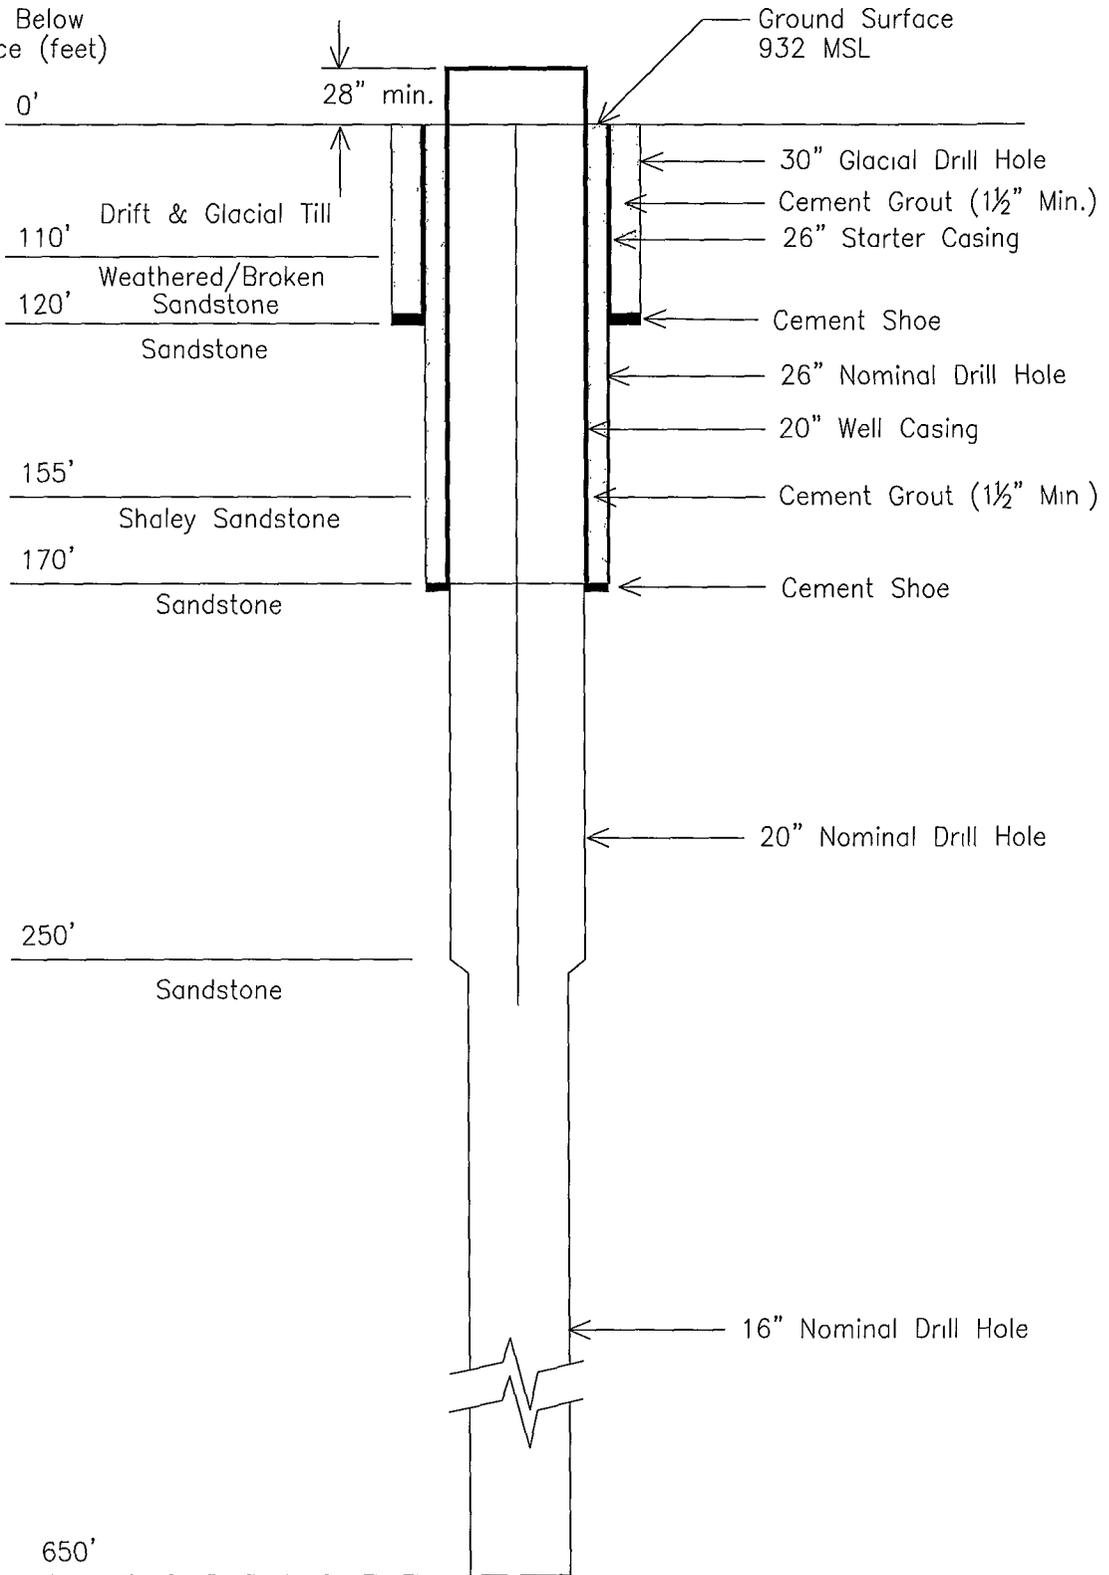

Sincerely,

1. The undersigned BIDDER proposes and agrees, if this Bid is accepted, to enter into an Agreement with OWNER in the form included in the Bidding Documents to furnish all labor, materials, tools, and services required for the construction of the Well No. 3 Final Production Well Drilling for the Village of Windsor, Dane County, Wisconsin (Engineers' Job No. 181368.90), all in accordance with the Bidding Documents prepared by Baxter & Woodman, Inc., Consulting Engineers.
2. BIDDER accepts all of the terms and conditions of the Advertisement for Bids and Bidder Instructions, including without limitation those dealing with the disposition of Bid Security. This Bid will remain open for 60 days after the date of Bid opening or for such longer period of time that Bidder may agree to in writing upon request of Owner. BIDDER will sign and submit the Agreement with the Bonds and other documents required by the Bidding Documents within 15 days after the date of OWNER's Notice of Award
3. In submitting this Bid, BIDDER represents, as set forth in the Agreement, that
  - a. BIDDER has examined copies of all the Bidding Documents
  - b. BIDDER is familiar with the nature and extent of the Bidding Documents, Work, site, locality, and all local conditions and legal and regulatory requirements that in any

BID FORM

00 41 00.13-1 (181368.90)

manner may affect cost, progress, performance, or furnishing of the Work, and has made such independent investigations as BIDDER deems necessary.

- c. Bidder has obtained and carefully studied (or assumes responsibility for having done so) all additional or supplementary examinations, investigations, explorations, tests, studies and data concerning conditions (surface, subsurface and Underground Facilities) at or contiguous to the Site which may affect cost, progress, or performance of the Work or which relate to any aspect of the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder, including applying the specific means, methods, techniques, sequences, and procedures of construction expressly required by the Bidding Documents to be employed by Bidder, and safety precautions and programs incident thereto.
- d. Bidder does not consider that any further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price(s) bid and within the times and in accordance with the other terms and conditions of the Bidding Documents.
- e. Bidder is aware of the general nature of the Work to be performed by OWNER and others at the Site that relates to the Work as indicated in the Bidding Documents
- f. Bidder has correlated the information known to Bidder, information and observations obtained from visits to the Site, reports and drawings identified in the Bidding Documents, and the written resolution thereof by ENGINEER is acceptable to Bidder.
- g. Bidder has given ENGINEER written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and the written resolution thereof by ENGINEER is acceptable to Bidder.
- h. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the Work for which this Bid is submitted.
- i. This Bid is genuine and not made in the interest or on behalf of any undisclosed person, firm or corporation, and is not submitted in conformity with any agreement or rules of any group, association, organization, or corporation; BIDDER has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid, BIDDER has not solicited or induced any person, firm, or a corporation to refrain from bidding, and BIDDER has not sought by collusion to obtain for itself any advantage over any other Bidder or over OWNER
- j. By submission of the Bid, BIDDER certifies, and in the case of a Joint Bid each party thereto certifies as to his own organization, that in connection with the Bid
  - (1) The prices in the Bid have been arrived at independently, without consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other Bidder or with any competitor.

- (2) Unless otherwise required by law, the prices which have been quoted in the Bid have not knowingly been disclosed by the BIDDER, prior to opening, directly, or indirectly to any other Bidder or to any competitor.
  - (3) No attempt has been made or will be made by the BIDDER to induce any other person or firm to submit or not to submit a Bid for the purpose of restricting competition.
  - (4) BIDDER is not listed on the State of Wisconsin Department of Transportation List of Disapproved, Suspended and Debarred Contractors.
4. BIDDER submits the following Schedule of Unit Prices for the Base Bid and/or Alternative Bid Work to be performed in accordance with the Bidding Documents and agrees that items of work not specifically mentioned in the Schedule which are necessary and required to complete the Work intended shall be done incidental to and as part of the items of work for which a unit price is given, and understands that no additional payment will be made for such incidental work

# MUNICIPAL WELL & PUMP

## CORPORATE RESUME

**Municipal Well & Pump**  
*a division of Midwest Well Services, Inc.*

**History** - MUNICIPAL WELL & PUMP was established as a corporation in the State of Wisconsin in July 1984. In 1992 Milaege Well & Pump joined forces with the Municipal Well & Pump to provide additional expertise going back to 1916. The company was purchased by Midwest Well Services, Inc. in September, 2000, but continues to operate under the Municipal Well & Pump name. In 2005, the company purchased Pumpstation Professionals which expanded our services in the golf course and pump station controls market. In 2016, we purchased Peerless Well & Pump in Dubuque, IA expanding our geographic territory further into Iowa, Illinois and southwestern Wisconsin. Peerless is a subsidiary of Midwest Well Services, Inc.

**Services** - The firm primarily engages in well construction, new well pumps and installation, well pump repair, well testing, well rehabilitation, and Geophysical Exploration. Municipalities and large industries throughout Illinois & Wisconsin comprise the majority of Municipal Well & Pump customers, with some customers in Indiana, Iowa, Minnesota and Michigan as well.

**Equipment** available for performing various drilling and pump servicing operations includes:

- 9 pump rigs/cranes with ratings from 8 tons to 55 tons
- 9 service trucks with cranes rated from 5,000lbs to 7,500lbs.
- 2 Foremost DR24HD dual rotary drill rigs
- 3 cable tool drilling rigs ranging in size from BE28L to BE36L
- 1 Aries Water-well Televising System installed in a Mercedes Sprinter van & 1 Explorer Televising System
- Plus, approximately 50 pieces of support equipment

For a complete listing of all equipment, please see the attached Equipment List.

**Facilities** - The Corporation operates in a 19,000 square foot modern shop and office facility located in Waupun, Wisconsin. In addition to the building is approximately 6 acres of hard surface storage yard and staging area. We also maintain a 2<sup>nd</sup> shop facility in Dubuque, IA.

**Crews** - Municipal Well & Pump runs 8 to 9 full-time crews pump crews and 1 to 2 full-time drilling crews.

- Our Pump crews are led by Andy Klemme (23 years), Tom Piscitello (22 years), Robert Kooima (12 years) and Wes Derksen (11 years). All of our crews have received hands on training in all aspects of well and pump servicing. Well pumps of up to 1,000 horsepower and 1,200 feet in depth have been installed and serviced by our crews.
- Our Drilling crews are led by Darwin Schulz (32 years) and Mason Rens (14 years). In addition to drilling large diameter wells with depths up to 1,500 feet, they are also experienced with reverse circulation, "barber drilling" and open hole mud drilling. Both are also experienced well and pump service technicians.

**Safety** — Municipal Well & Pump takes safety seriously and strives for "zero accidents" at all times. We are an active member of [ISNetWorld](#), [BROWZ](#) and [Avetta](#) which monitors all our OSHA records, EMR results and Safety policies for various clients. Our Drug and Alcohol program is managed by DISA for both FMCSA and DCCCHA consortium.

**Bonding** - Municipal Well & Pump is fully bondable for individual projects up to \$4,000,000 and total projects to \$8,000,000. Complete insurance coverage is in full force with limits of \$2,000,000 Liability with a \$9,000,000 Umbrella.

**Summary** - Municipal Well & Pump offers a complete spectrum of well and pump related services backed by professional and knowledgeable staff, supported by modern state of the art equipment. The overall progressive attitude of the corporation and its employees generate expert and cost effective operations.
