TO: Dane County Municipalities

FROM: Brian J Rice, Highway Engineer

DATE: March 4, 2022

SUBJECT: 2022/2023 Bridge Inspection Requirements

In accordance with State Statute 84.17, all municipal bridges will need to be inspected in 2022, and those bridges that are deficient will require a re-inspection in 2023.

As in the past, our department will arrange a cooperative contract with a consultant to inspect these bridges as per WisDOT and Federal requirements. Enclosed is the bridge list for your municipality as well as an agreement for inspection services. Please review the bridge list for accuracy and note any bridges scheduled to be replaced in either 2022 or 2023. Bridges that are replaced in either of these years will require a WisDOT initial inspection within 180 days of the completed construction.

Pedestrian bridges, if any, are included on the attached list. These bridges are not required to be inspected under the statute; they are the local municipality's responsibility to maintain. If you do not wish to have them inspected please indicate this and change the agreement amount.

The estimated cost of the inspections is \$300 per bridge for routine inspections, \$1,250 per bridge for underwater dive inspections and \$1,500 per bridge for fracture critical inspections. The actual amount invoiced will be determined from prices submitted with the bridge RFP and will be billed after the work is completed.

During inspection the engineer will note deficiencies. If the deficiencies require further engineering analysis additional charges may be incurred. Any additional charges will be discussed with the municipality prior to the work being performed.

Please execute the enclosed agreement, note any changes or bridges to be replaced, and return it to us no later than March 25, 2022. It can be mailed to the above address, faxed to 608.266.4269, or scanned and e-mailed to rice.brian@countyofdane.com

Municipalities that have made or will be making other arrangements for these inspections need to inform the County, in writing, as to who will be performing the service and may disregard the enclosed agreement.

If you have any questions regarding the bridge inspection program, please contact Brian J Rice at 608.266.4037.
